# CONVERTIBLE CHROMEBOOK

## Acer Chromebook Spin 11

- The Wacom® active stylus pen provides unsurpassed usability and natural writing experience .
- Corning® Gorilla® Glass: the cleaner, tougher cover glass, resists stains through the lifetime of the touch display.
- The 360° dual-torque hinge design offers a wobble-free, optimized touch experience.
- The rear camera allows the use of screen to record on the 5MP auto focus webcam with 88° wide viewing angle.
- An impact resistant body that takes the daily knocks of students, as it accidentally falls off tables or is stood upon.
- Unique drainage design allows 330ml of water to be spilled over the keyboard and keep it away from important components.

1. If upgrading after initial purchase, one or more of the memory cards provided with the system may have to be replaced with optional larger memory cards in order to achieve the maximum capacity.  
2. Memory speed may vary, depending on the CPU, chipset or memory fitted.  
3. When referring to storage capacity, GB stands for one billion bytes. Some utilities may indicate varying storage capacities. Total user-accessible capacity may vary depending on operating environments.  
4. The listed battery life is based on MobileMark 2014 productivity mode testing with wireless on. Details of MobileMark 2014 testing are available at [www.bapco.com](http://www.bapco.com). Battery life rating is for comparison purposes only. Actual battery life varies by model, configuration, application, power management settings, operating conditions, and utilized features. A battery's maximum capacity decreases with time and use.  
5. For a free copy of the standard limited warranty end-users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503.  
6.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region. As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
