Smart technology needs smart management.

As more schools implement technology programs—either through 1:1 initiatives or shared carts—the need for powerful, easy-to-use device management tools is greater than ever. From device assignment and repair tracking, to CIPA-compliant web filtering and classroom management, many districts often end up using a patchwork of tools and apps to accomplish their strategic technology goals.

With a full suite of position-tailored products designed and built just for Chromebooks, GoGuardian makes it easy for school districts to manage large or small device deployments, keep your students safer online, and gain valuable insights into how your technology program is working.

guardian

GoGuardian Admin™

The most advanced web filtering and activity monitoring available for schools.

Protection that improves performance.

With GoGuardian Admin, your students can safely use the world's most powerful learning tool without harmful or distracting web content getting in the way.

Web Content Filter

Customizable protection against harmful or distracting content (CIPA/FERPA compliant*).

Flagged Activity

Recognize concerning behavior based on customized terms and keywords.

Advanced YouTube™ Filter

Granular control over which videos and comments students can see.

Theft Recovery

Quickly locate Chromebooks that have gone missing—on or off campus.

Activity Monitor

View usage and discover data to help gauge technology effectiveness.

Off-Campus Filter (optional)

Enable GoGuardian on any network to provide around-the-clock protection for students.

*GoGuardian Admin can help school districts achieve CIPA compliance for E-Rate funding when properly deployed. Ask a Team Member for more details.

GoGuardian Teacher™

Your teaching/sharing/collaborating tool
for easier classroom management.

Integrates with 

Maximize learning. Minimize distractions.

With GoGuardian Teacher, technology becomes a bridge to better connect you with your students to help them stay on-task for focused learning.

Screen Viewer

See your students' screens during a live Class Session and save screenshots.

Usage History

Explore previous Sessions to see what students were doing at any time.

Activity Timeline

Every student's browsing activity—in real time—on a single, easy-to-navigate page.

Browser Lock

Disable browsing and darken screens for "eyes-up-front" focus during lessons.

Tab Control

Guide and assist students by remotely opening or closing tabs.

Session Scheduling

Create automatic recurring daily or weekly Class Sessions.

GoGuardian Teacher plays nicely with all web-based Learning Management Systems.

Syncs with Google Admin Console!

GoGuardian Fleet™

Easily manage, track, and maintain your entire Chromebook deployment.

Mission Control for your Chromebooks.

With GoGuardian Fleet, it's never been easier to deploy hundreds—or even thousands—of Chrome devices across your school or district. You'll wonder what you ever did without it.

Google Admin Console Sync

Built to sync with Google Admin Console so your inventory is always up-to-date.

Import existing data

Assign users, locations, OUs, and asset IDs to your Chromebooks with a CSV.

Bulk editing

Quickly change statuses, OUs, assigned users, and more on one or many devices.

Integrated repair tracking

Track, explore, and report statuses of all your ongoing Chromebook repairs.

GoGuardian Fleet helps you save time and money on managing your entire Chromebook deployment.

FREE!*

GoGuardian Director™

District-wide engagement analytics for all your education tools, apps, websites, and more.

Is your technology program working?

With GoGuardian Director, you don't have to wonder. Now, you can easily see which education apps and other digital learning tools are being used across your entire district.

Easy-to-use dashboard

View all of your app usage data in one beautifully-designed dashboard.

Identify training needs

Learn where Professional Development programs will have the biggest impact.

"High-altitude" overview

Provides intuitive, actionable insights at a glance, whenever you need them.

Software validation

Review trials and subscriptions to quantify the value of every app in your district.

Detailed trend views

See how often specific education tools are used, along with total time spent.

Maximize technology investment

Discover opportunities for growth and get the most out of your technology purchases.

*GoGuardian Director is compatible with any Chrome-based education app or website and is free for a limited time.
